

## DORMITORY GUIDE

1. Always close all windows and lock the door of your room – even if you are going to be out of the room for only a short while.
2. Report immediately to the porter any suspicious person in the dormitory. The porter will call the security.
3. If somebody broke into your room and you were robbed, report it to the porter who will notify the police.
4. If you think you were robbed but there are no signs of a break-in, inform the porter about the incident and then PERSONALLY report the burglary at the Police Department. You will get the address at the porter's lodge.
5. If you have any problems with communication in English with the porter, please ask other student/friend for help.
6. If you have any problems with internet connection, please contact IT Department: tel. +48618452630, e-mail: helpdesk@ump.edu.pl

### THE RESIDENT ASSISTANT (R.A.) SYSTEM

A Resident Assistant (R.A.) will help to provide a safe, quiet environment within each dormitory so that residents will have a place that is free from distractions for studying and sleeping. R.A.s will work with dorm administrators and porters. R.A.s will insure that students are informed of the dormitory's rules and regulations upon moving in and will enforce them throughout the year.
